The Least of These...

It is a joy to see hopeless and homeless children now having shelter, food and care.

The difference made in this poor community in the last five years is overwhelming. We appreciate all of you, our dear friends, sponsors and partners, that have made it possible for us to take care of these children in need and make such a great impact in our village.

In this poor and hurting community, full of orphaned children because of AIDS and Malaria, it is so hard to pay a blind eye to the children whose pain shows on their faces as they cry for food and help.

I am always reminded of the words the Lord spoke to me 10 years ago as I tried to minister the word of God to the orphans and poor children of our com-

munity. As I read my Bible in Matthew 25: 34-40 -"For I was naked and you clothed me...hungry and you fed me...In as much as you did it to the least of these, you did it to me.."

This created more passion in my heart to help children who need help. We purposed to meet the physical and spiritual needs of these children one child at a time with a goal of raising a future generation of godly leaders that will transform this community.

Today over 300 children are being helped through our children support program.

As much as you did it to the least of these, you did it unto me...

Over 200 families have been touched by the love of Jesus.

Thank you friends for making this dream come true.

A Light in the Midst of Darkness

As we opened up our hearts to provide shelter for the homeless and hope for the hopeless, joy filled our hearts to see these children happy and glorifying God for the love shown to them, as more and more friends join hands with us to help this poor community.

As a church we feel God has called us to minister to these hurting children.

Today House of Hope houses 30 homeless children and 200 children from our community receive support for education through our child support program. Ebenezer Christian Academy is providing quality education to 270 children with a Christian background.

Those with no voice, today have a voice! A new day is dawning in our vil-

lage! Thank you friends for your love and for making such a difference in our community.

Kabale House of Hope

HoH children excited to have a place to call home...

Our children are excited to have a place to call home!

In the care of a house mother and two social workers, we have started a discipleship training program that has helped us to nurture these children in the fear of God.

With your support friends, we have been able to meet most of the operational costs to run this home.

Our children are so grateful for the love and care shown to them. Yet we know we could not have done this alone without your support.

Most of the big children are now in high school and they are excited to

be in boarding schools. It is a joy to see these children grow up from a hopeless life to a life full of hope. Thank you friends for your love and support.

Those with no voice, today have a voice! The suffering children tell their stories...as you listen to them, you share in their anguish and rejoice in their triumphs...

Joseph graduates

It was a joy to see Joseph, one of the boys at Kabale House of Hope graduate.

Joseph is one of the boys we started with. He has a great story to tell. He changed schools 10 times for lack of school fees as they would chase him from one school and he goes to another only for a few months before he is chased again. He only settled in school when he came to Kabale House of Hope.

He recently completed his education at Mukono Uganda Christian University and graduated last month with a degree in Public Administration.

Education means so much for our children as it offers hope for them to be able to get jobs and take care of themselves.

Thank you friends for your generous support.

Education means much to our children...

Revival Conference 2013

Thousands gave their lives to Jesus...3 new churches were planted

Revival Outreach Ministries has continued to reach the villages with the Gospel of Salvation and many people in the village have given their lives to Jesus. We have now planted 60 churches in the villages. These people need teach-

ing and discipleship to grow in the knowledge of the word of God. We therefore hold annual Revival Conferences that help us to ground these villages with the word of God.

As we reach deep in these villages with the word of God, it is interesting to note that these people are hungry for God.

This year's conference in May was very powerful! Over 10,000 people attended this

conference, 2000 people gave their lives to Jesus. As a result we have since planted 3 more churches. Our prayer is that God will provide funds to buy land for these people and build for them houses of worship. \$2000 is enough to buy land and build a simple church in these remote places.

Please pray for us that God will provide sound equipment and a vehicle to assist us to reach more people in these villages.

Ebenezer Christian Academy

Ebenezer Christian Academy purposes to give children quality education with a Christian background...

The children population is growing at our school as the standard of Ebenezer Christian School

grows. We have now grown out of room.

However God has provided an alternative for this. Someone has opted to give us his piece of land for renting at \$150 every month. The only challenge we have is that we have to set up our own class room structures.

We have therefore decided to set up temporary classroom structures and a permanent toilet at a cost of \$8000.

The advantage with this is that we shall save on the rent costs since we

pay \$500 every month in rent for the present school building. But also we have agreed with the landlord that every permanent building we construct on his land the cost will be included in the monthly rent. We plan to start construction by October.

Please pray for us and support us for this cause.

A sponsor's view

It was an absolute blessing to be able to make my second trip to Kabale and be able to spend time with Pastor Johnson and his beautiful family. The highlight of my trip was having the opportunity to meet the two children we sponsor, Justus and Josephine. My kids, who are similar in age to the children in Kabale, have been touched by the relationship created from this sponsorship program and have learned a lot from the letters

received from Justus and Josephine. For me, to be able to pray with the kids, to share a few gifts and letters, to be able to see where they live and to worship with them at Revival was a genuine gift from God. Photos, stories and newsletters don't begin to tell the story of what Kabale is like, what a blessing Pastor Johnson and his church is to the community, and how much our minimal support actually helps out specific families. Being able to walk the streets and spend time in the homes of those affected was a very powerful experience. Praise Jesus! – Terry Simpson
