

Revival Outreach Ministries

Transforming the Community

A ray of light has shone in this poor community. When we first came here, there was a lot of hopelessness with hundreds of children loitering around the community in search of food, help and shelter. Many children lost their parents due to poverty and disease. Most families would be headed by children. These children would eventually be turned into street children and prostitutes and thieves with no hope outside Christ.

But today the story has changed as we have reached out to the needy children one child at a time.

With support from all of you, our dear friends, we have been able to take over 200 children to school.

We have 39 students in high school this year and 5 in college. We have now graduated 8 students who are working and have become self-sustaining.

EBENEZER CHRISTIAN ACADEMY

Ebenezer Christian Academy, whose goal is to give future generation leaders quality education with a Christian background, performed well. All the 19 pioneer Primary 7 students passed. Three students came in first grade and the rest in second grade. P.7 is the last grade in our education system. Children who perform well are graduated to high school. This performance of our school has helped raise the school standard in the community. Now every one is talking highly of our school.

We pray that God will help us to maintain this standard.

Education is very important to develop and equip children to become self-sustaining and responsible leaders when they grow up. Children with no formal

Thank you friends

We appreciate our partner ministries, Engage Hope Ministries and World Harvest Church North, for the great support to help us run Ebenezer Christian School and keep our children in school and run our other ministry organisations at Revival Outreach Ministries like House of Hope and Revival Tabernacle Church. Thank you all our great friends and partners, together we are making a big difference!

education are reduced to beggars, street children and drug addicts with no hope in life.

Education develops the mind of a child to handle different challenges and be successful and effective in life.

Thank you all our children sponsors that support children to have education. You have made such a big difference.

Our goal at Ebenezer Christian Academy is to give children quality education with a Christian background.

We want to raise up, equip and train a future generation of godly leaders that will transform our community and the communities around us.

We thank God for success he gave to us with the P.7 students. This will be our second year to have P.7 students do examinations.

Thank you all our friends who helps us to continue running this great school.

Please pray for us. We need our own land and building to establish our school and make it self-sustaining.

Thank you all sponsors that have given consistent support to keep children in school.

There are many more children in our community that do not have an opportunity to go to school. It takes \$35 a month to sponsor a primary child to have education.

CHRISTMAS 2015

The children Christmas festival was a lot of fun! We fed over 600 children and had a lot of fun with games, Bible teaching, music and celebrations. We gave out gifts to the best performing children in school, church and community. We appreciate friends who gave additional support to make this dinner possible. Thank you for making our dream come true.

Christmas is one time in the year that our children look forward to. Children expect dressing well and eating special food they rarely eat. Nothing excites these children like drinking a soda and eating food like rice and beef...one child said, "I wish every day was Christmas..."

Thank you friends for making this possible.

We appreciate all our sponsors who sent gifts to their children. Children enjoyed receiving cards and family pictures from their sponsors. We are grateful to all sponsors who contributed to buy children mattresses and blankets. Children that missed taking mattresses last year received them this time. They were excited to know they will sleep on mattresses this Christmas! Thank you for putting a smile on the faces of these children.

Thank you for making a difference. You made this Christmas both special and enjoyable. We are also grateful for all sponsors that sent additional support to buy gifts and clothes for their children. It was fun for children to go shopping and buy clothes and shoes of their choice. Some of these little things speak volumes to children.

HOUSE OF HOPE

We had lunch with House of Hope children as we celebrated the new year...it was a great time. Thank you all our friends that support us to make a difference!

Children shared scripture verses and gave presentations glorifying God. Everybody was amazed to hear Isaac sharing the Word. It is great to see the kind of great man Isaac has become. This is the boy we had lost hope of. His parents died when he was only two years and was raised by his grandmother who did not have enough to help him. Isaac was malnourished as he grew up, and we thought he had AIDS. But thank God for House of Hope for since he joined House of Hope Children's Home, he has grown both physically and spiritually.

Thank all our friends who support us to run this wonderful children's home; you have given hopeless children hope and a future!

House of Hope is today home for 30 children. They have enough to eat, sleep well, and are given education.

A WELL OF WATER

For years our community did not have access to clean water. Most people depend on pond water and water from the creek which is mostly dirty water. As a result, many children become sick and some have even died.

God has now provided an opportunity for us to have clean water. We thank God for Charlie Loper who supported us to have a well for our community.

We plan to have a function to officiate this well and preach Christ to our community. What a witness for Jesus it will be! We will host government officials to witness this occasion. Already many people have been coming to see this new development in our community and thank God for our church and the great work the church has done to help the community.

Children enjoying their dinner during the Christmas festival...

PRAYER REQUESTS

We still have a challenge of hundreds of children who have no opportunity to go to school.

-It takes \$35 support per month for a child in primary school

-It takes \$50 support per month, for a child in high school.

-It takes \$150 support per month for a child in college.

We need provision to buy our own land and build premises for Ebenezer Christian Academy.

Pray that God will touch more people to join in to support our vision and transform our community.

Your gift will make an impact in a child's life!
